Tattersalls Ireland is the trading name of Tattersalls Ireland Limited (Company Number 49072) ©Tattersalls Ireland

Foreword

This is the Tattersalls Ireland Guide to Sales. We at Tattersalls Ireland have a firm belief in the merits of buying and selling at public auction and are committed to our vendors and purchasers at our sales venues in Newmarket, Fairyhouse, Ascot and Cheltenham.

To this end, Tattersalls Ireland assisted with the compilation of the Bloodstock Industry Sales Code of Practice and this appears as Appendix 2 at the back of this guide. This booklet cannot be a comprehensive or fool proof guide to doing business at Tattersalls Ireland but we hope that the information included in it will make your visit to the sales more understandable and enjoyable. It is especially designed for those clients intending to buy for the first time and to this end we include in the Guide an explanation of certain areas of the sales which may at first appear somewhat confusing.

If you have questions on any part of the guide please contact one of our team, who will be happy to assist you. We very much look forward to welcoming you to Tattersalls Ireland.

Introduction

This booklet, as the cover indicates, has been written to provide guidance for the benefit of purchasers and anyone attending the sales.

The sales are governed by the Conditions of Sale which are, in colloquial terms, “the Rules”. Save as modified by the Conditions of Sale, the Sale of Goods Act 1980 applies to trade purchases made at auction.

Readers are requested to refer to a current catalogue with regard to the Conditions of Sale and where appropriate any Special Arrangements which are to be found in the “Notices To Purchasers” section. This part of the catalogue also includes “Guide to Cataloguing” and “Guidance for Purchasers”. All this information tends to evolve in response to the ever changing needs of the sales and it is therefore essential that prospective purchasers read the current version.

1. Attending a Sale

1.1 Sales Catalogue

Prospective purchasers should in the first instance apply to Tattersalls Ireland for the relevant sales catalogue. You are strongly advised to read the “Notices to Purchasers” section of the catalogue, which contains the “Conditions of Sale”, “Guide to Cataloguing”, “Guidance for Purchasers”, “New Buyer Form” and “Credit Card Purchases/Purchase Payments”. Catalogues also include sections on personnel, overseas representatives, onsite facilities and restaurants, the Bloodstock Industry Sales Code of Practice and Inward Buyers Initiative.

1.2 Tattersalls Ireland Website, Apps and Social Media

Our website (www.tattersalls.ie) features information about sales at Tattersalls Ireland including: results, catalogues, lot documentation, withdrawals and updates as well as our facilities at Fairyhouse. It also features the ability to login to view your account details as well as to make entries. Tattersalls Ireland also has a presence on Twitter (@Tatts_ireland), Facebook and Instagram (@tattsireland).

The Tattersalls Ireland App is available via the App Store or via mobile.tattersalls.ie and includes many of the features that are available on the Tattersalls Ireland website.

All our sales are available to view live on the website or via the Tattersalls Ireland App.

1.3 Selecting Your Horse

Details of all lots to be offered are shown in the catalogue. If you need clarification of our cataloguing style please refer to the “Guide to Cataloguing” section in the catalogue. This is based on certain rules agreed by the members of the International Cataloguing Standards Committee. Purchasers wishing to enquire about any catalogue details should go to the Sales Desk in the Main Sales Office.

On the catalogue page you will also find details of where the lot is stabled. A map of all stables at Fairyhouse appears at the back of the catalogue.

The catalogue page may also contain information of race entries held by the lot (see 3.8 below) and/or declarable vices (see 3.3 below).

Further information can be found on notice boards and/or be announced at the time of sale and careful attention must be paid to the auctioneer at all times (see 1.8, 1.9 and 1.10 below).

1.4 Using an Adviser

Whilst you may decide to select your own horse for purchase it is advisable and recommended that you employ a professional adviser or advisers to help you in this capacity.

Advisers include trainers, bloodstock agents and veterinary surgeons. It should be remembered that selecting a horse is a speculative exercise and there is no guarantee of success, even with the assistance of an adviser.

Contact details for IRE based trainers can be obtained from Horse Racing Ireland (www.goracing.ie) or by using the Thoroughbred Business Guide.

The Federation of Bloodstock Agents (GB) Ltd is a representative body for British agents and a current list of their members is shown at the back of each catalogue. Their “Objects and Code of Working Ethics” is reproduced as Appendix 3. Agents with offices in Fairyhouse are shown on the “Offices at Tattersalls Ireland Sales Pavilion” page at the back of the catalogue.

1.5 Veterinary Advice

Prospective purchasers are advised to seek veterinary advice and to arrange for a vet to inspect the lot before purchase, but must obtain the vendor’s agreement beforehand (Condition of Sale 14).

1.6 Repository

Tattersalls Ireland does not offer a dedicated repository facility, however a number of computers in the Business Centre are available to use for the inspection of X-rays, Video Endoscopies and other information.

1.7 Setting a Price

Before bidding and in consultation with your advisers, prospective purchasers should value the horse and set a price to act as a guide when buying. If you require previous sale details of any lot we would advise you to refer to The Bloodstock Sales Review, published annually by Weatherbys.

1.8 Main Sales Office Notices/Touch Screens

Certain information about lots can be found on the notice boards and on the touch screens in the Sales Reception area and the sales ring. Prior to bidding on a lot it is essential to check these. Prospective purchasers are advised to inspect the original document at the Sales Desk in the Main Sales Office before bidding. Certain lot documentation can also be viewed via the Sale Day Live page on the website and via the App.

1.9 Announcements

All lots are sold subject to the information set out in the catalogue together with any announcements from the rostrum at the time of sale. Announcements are made by the auctioneer at the start of each selling session as well as at the start of the sale of each lot so prospective purchasers must be in attendance at these times so that they can hear all that the auctioneer says.

1.10 Sale Ring Information Board

To assist purchasers concerning vices etc, the multi currency boards are used to identify certain matters, which are not included in the catalogue or have been changed since the catalogue was printed, as follows: boxwalker, crib biter, windsucker, weaver, barren. Please refer to the Sale Ring Information Displays section within the "Guidance to Purchasers" part of the catalogue. Please see 1.9 above, as it is still the responsibility of the purchaser to be aware of the catalogue page and any announcements from the rostrum, which take precedence over information on this board.

1.11 Payment

Bidders must obtain clearance before bidding (see 3.1 below).

1.12 Withdrawn Lots

Withdrawn lots are posted on the computer screens located in the Main Sales Office and the Sales Reception. Sometimes the lots posted on the screens are in addition to those lots withdrawn before the start of the sale.

1.13 General Data Protection Regulation (GDPR)

All visitors to Fairyhouse should note that photography / filming takes place for promotional and archival purposes. If you would prefer not to be photographed or filmed, please let a member of Tattersalls Ireland staff know or email info@tattersalls.ie.

2. The Auction

2.1 The Auctioneer

Auctioneers who, in Tattersalls Ireland case, are directors, members of staff or long serving contract auctioneers whose names are indelibly associated with the Company conduct the auction. Whilst it will be noticeable that each individual auctioneer's style is different they are all keeping to the same rules.

2.2 Spotters

The auctioneers are assisted by spotters on the Rostrum who alert the auctioneer to individual bidders. However, spotters do not take bids and the bidder must bid directly to the auctioneer, even if their bid has been noted by a spotter.

2.3 Bidding

It is the responsibility of the bidder to communicate his or her bid to the auctioneer. Whilst the auctioneer will use his best endeavours to identify bidders it is the responsibility of the bidder to make the bid clearly and directly to the auctioneer. Bidders are asked to maintain the momentum of their bids, which will help them avoid losing a lot due to delay. Bids are made in Euro (€).

- **Minimum Bids**

Tattersalls Ireland set a minimum bid at all sales and no bids are accepted below this figure which is stated in each catalogue. (see 2.5 below).

- **Disputed Bids**

Where someone disputes a bid, the auctioneer may in his absolute discretion, re-open the bidding. The auctioneer's decision on all auction matters is final and binding on all parties as confirmed in the Condition Of Sale.

- **Telephone Bids**

Tattersalls Ireland sometimes allow established clients to bid over the telephone. The bids are relayed to one of the Tattersalls Ireland team who will stand in the Sales Arena and make the bids to the auctioneer.

2.4 Reserves

Each lot may be subject to a reserve that is placed by the vendor at his or her discretion. The reserve is the price below which the vendor will not sell. By setting a reserve the vendor is placing bids with the auctioneer up to that price. The amount of the reserve price is not announced during the bidding unless express instructions are received from the vendor to do so.

2.4 Reserves contd.,.

On occasions there is no reserve on a lot and this may be announced from the Rostrum. Auctioneers use phrases such as “on the market”, “selling” etc. to indicate that a reserve price has been achieved and ‘SELLING’ will normally appear on the bids board when the reserve has been reached. The Absence of these words should not indicate to a bidder that a reserve price is still to be achieved (see also 2.6 below).

2.5 Minimum Selling Price

There is a minimum selling price and whilst the auctioneer can take bids below this price he will not knock down a lot until the minimum selling price has been achieved. The price varies between sales depending on the category and type of horse being sold and is shown on the title page of each session.

2.6 Vendor Bidding

Vendors may bid above the reserve price but the Sale of Goods and Supply of Services Act 1980 permits only one person to undertake this task for any vendor. Purchasers should be aware that whilst the auctioneer uses one of the phrases “on the market” or selling” etc to indicate that the reserve has been achieved the vendor may still be bidding on that lot.

2.7 Partnerships

Where a lot is catalogued “partnership property” the rules are different in that each partner may bid on that lot. However where someone bids on behalf of the partnership as a whole they are subject to the normal rules.

2.8 Fall of Hammer

The contracts between the purchaser and vendor and Tattersalls Ireland are struck when the hammer falls. The contracts are binding on all the parties and only in exceptional circumstances and entirely at the discretion of the auctioneer can those contracts be declared void. This will only occur when the auctioneer decides there is a dispute.

2.9 Purchase Confirmation

“Runners” are based in the rostrum. Following the sale of each lot a runner will go to the successful bidder who then confirms the purchase by completing a Purchase Confirmation Form with his or her name and address, checking the price and adding his or her signature. A Purchase Confirmation Form is reproduced as Appendix 1. This form is used by Purchasers to request the taking of blood samples (see paragraphs 2.12, 2.14 and 2.15).

2.10 Luck Money

There is a tradition in the industry that purchasers sometimes receive a “thank you” from vendors for buying a particular lot. There is absolutely no obligation on the vendor to make such a payment and it should only be made on a voluntary basis. Any arrangement between vendor and prospective purchaser prior to sale is not acceptable at Tattersalls Ireland auctions and may well be outside the law. In this connection vendors and purchasers are referred to and encouraged to read the Bloodstock Industry Sales Code of Practice at Appendix 2.

2.11 “Auction Rings”

An “auction ring” is created where individuals agree not to bid against one another and hold a second auction privately after the public auction has been completed. It is not considered that there has been any attempt by purchasers to operate together on an auction ring basis at Tattersalls Ireland but anyone suspecting that this situation is occurring should notify a Director of Tattersalls Ireland.

2.12 Anabolic Steroids

Condition of Sale 22 gives purchasers the opportunity to have horses in and out of training and yearlings tested for the presence of Anabolic Steroids. This facility is available to the purchaser only through signing the request on the Purchase Confirmation Form (see Appendix 1), immediately after purchase.

2.13 Permanent Import Testing

Irish sales are not subject to this testing. Please contact a member of the Tattersalls Ireland Bloodstock sales team for further information.

2.14 Non-steroidal Anti-inflammatory Drugs

Condition of Sale 22 allows purchasers to have horses in and out of training and yearlings tested for the presence of Non-steroidal Anti-inflammatory drugs. Please refer to Condition of Sale 22 in the sales catalogue for more details. This facility is available to the purchaser only through signing the request on the Purchase Confirmation Form (see Appendix 1), immediately after purchase.

2.15 Piroplasmosis

Only lots sold at the September Yearling Sale and the November Flat Foal & Breeding Stock Sale (excluding foals) can be tested for Piroplasmosis (see Condition of Sale 23). Please refer to Condition of Sale 23 in sales catalogue for more details. This facility is available to the purchaser only through signing the request on the Purchase Confirmation Form (see 2Appendix 1), immediately after purchase.

2.16 Make an Offer Purchasers can “make an offer” for those Lots that are either not sold or bought-in, after they have been through the ring. Offers can be made through the Tattersalls Ireland website and subject to Tattersalls Ireland discretion, these are forwarded to the vendor of the Lot.

2.17 Commission and Charges Tattersalls Ireland charge the seller an entry fee for each horse catalogued in a sale and 1.5% of the price achieved. Buyers pay a 6% buyers premium of the price achieved.

2.18 Private Sales Where a horse is unsold in the Auction, a private sale may be completed in the Sales Office. In these circumstances, the full Conditions Of Sale apply.

3. Purchasers

3.1 Payment

Horses are sold for immediate payment by cash, credit card or acceptable banker's draft. For cash/cheque payments please refer to the relevant section in the Notices to Purchasers which can be found in the catalogue. New prospective purchasers should complete the "New Buyer Form" in the "Notices to Purchasers" section at the front of the catalogue. This should be submitted to the accounts department at Tattersalls Ireland well in advance of the sale. As stated on the form, bank references should be arranged by the prospective purchaser to be sent directly to Tattersalls Ireland and the applicant will only be permitted to trade if he/she has received written confirmation from Tattersalls Ireland that he/she may do so.

3.2 Insurance

Purchasers are advised to take out insurance from the fall of hammer and this should also cover the transport of the horse. Arrangements should therefore be set up prior to purchase. Representatives from different bloodstock insurance providers are usually present at all Tattersalls Ireland sales. Please refer to The Association of Irish Bloodstock Insurance Agents notice which appears in the back section of the catalogue.

3.3 Description and Health

Purchasers' attention is drawn to Condition of Sale 10, which deals with a number of matters to do with description, health, vices etc. Within that Condition there are definitions of the matters mentioned and purchasers should be aware of the options available to them in respect of checking horses after purchase. Subject to strict compliance with the rules set out in Conditions 10, 11 and 12, the horse may be returnable to the vendor. The vices mentioned are windsucker, weaver and boxwalker and from the health point of view wind (whistling and/or roaring) is particularly important. Purchasers are advised to liaise with their veterinary surgeon both before and after sale on these matters.

3.4 Keep of Horses after Sale

Purchasers are responsible for the care of their horse from the fall of hammer although the horse will be delivered back to its box by the vendor's groom. Tattersalls Ireland is supportive of animal welfare initiatives within the industry and purchasers are specifically requested to ensure that any horse purchased by them is properly looked after.

3.5 Pass Outs and Hip Stickers

All horses leaving the complex or outside standings may only leave once a Pass Out has been issued by Accounts and this is available as soon as payment arrangements have been satisfactorily completed. Additionally the official Tattersalls Ireland numbered hip label must be fixed on the lot for identification purposes.

3.6 Removal of Horses

Purchasers are particularly asked to ensure that their lots are removed within the time limits set out in the notices appearing in the catalogue before the first lot of the day. Your trainer, bloodstock agent or transporter/shipper may make these arrangements for you, so please liaise accordingly.

Many transporters and shippers have offices on site. Details of the different organisations and their contact details are shown in the “Offices at Tattersalls Ireland Sales Pavilion” section, which, together with the list of members of the Racehorse Transport Association, is included in the back section of the catalogue.

Purchasers (and vendors of unsold lots) are responsible for removing their lots from the complex subject to the Conditions of Sale. When lots are not removed Tattersalls Ireland reserve the right to make charges in respect of transport and keep.

3.7 Horse Identification

Tattersalls Ireland checks all horses before sale against their official identification documents. However it is the responsibility of all purchasers to check the identification of lots purchased by them and licensed trainers are required to meet the requirements of the Rules of Racing in this respect.

3.8 Race Entries

Condition of Sale 14 states that: “Where a Lot is described as being sold with race entries, the responsibility thereof passes to the Purchaser at fall of hammer.” The purchaser should be fully aware of such race entries, which in the case of Sales Races may carry responsibility for future payments. The vendor also has certain responsibilities under the Rules of Racing to inform HRI (Horse Racing Ireland) or their relevant racing authority if different, of any change of ownership.

3.9 Vaccinations

Purchasers are advised to check horse documents to ensure that any courses of vaccinations required under the Rules of Racing etc are in place so that immediate action can be taken where necessary.

3.10 Value Added Tax (VAT)

(a) Lots for Export outside the EU

Where lots are purchased for immediate export outside the European Union ('EU') the purchase may be zero-rated for VAT purposes provided that Tattersalls Ireland are supplied with a satisfactory proof of export from the EU by the purchaser or his or her shipping agent.

(b) Lots to be sent to another EU Member State

Where lots are purchased for despatch to another EU Member State the purchase may be zero-rated for VAT purposes provided the invoice is made out to a person registered for VAT in another Member State and the VAT number is lodged with Tattersalls Ireland and Tattersalls Ireland are supplied with a satisfactory proof of movement from the Republic of Ireland.

Anyone having any query on VAT is invited to contact Accounts Desk in the Main Sales Office.

3.11 Past Sales Results

It is very easy to check the past sales result of any horse. The Bloodstock Sales Review records all sales in Ireland and the UK and is published annually by Weatherbys. All Tattersalls Ireland sales results are available through our website and all bloodstock sales results are available though The Racing Post website: www.racingpost.com. Tattersalls Ireland are also happy to confirm any sale result to any interested party.

4. Health and Safety

Persons visiting the sales should make themselves aware of Health and Safety information displayed on notice boards (see below) around the complex. Copies of Tattersalls Ireland Health and Safety Policy are available from various offices including the Main Sales Office.

Any person concerned over any Health and Safety matter should contact a Director at Tattersalls Ireland.

It cannot be stressed too strongly that there are inherent dangers with horses and on occasions horses can be unpredictable. You should take the greatest care to protect yourself when in areas where horses may be present and be aware at all times.

Vendors are requested to leave head-collars on sold lots. Be aware at all times of horses.

- Children must be kept under adult control at all times.
- Infants - please avoid bringing them to sales.
- **Do not** go into horse areas if you are not involved in the sales.
- Make yourself aware of Health and Safety instructions.

SAFETY IS A PRIORITY

Health and Safety information is available at the Reception desk in the main complex and also at The Control Office.

Appendix 2

Bloodstock Industry Sales Code of Practice

Introduction

To insure integrity and transparency in the Irish Bloodstock Industry.

This will benefit the entire bloodstock community ensuring the laws of the land are upheld thus encouraging a competitive, fair and thriving marketplace. This will safeguard the interests of all parties involved in horse related transactions both at public auction and private sales. It will also encourage new people to enter the business.

Definitions

An "Agent" is any person who advises and/or represents the buyer or seller of thoroughbreds at public auction or private sale.

The "Principal" is a person or entity who appoints an Agent to act on his behalf in the sale or purchase of bloodstock.

Luck Money refers to any financial payment or payment in kind made by or on behalf of a vendor to purchaser or his Agent, after the sale of a horse has been concluded.

Code of Practice

Vendor

The vendor must endeavour to answer honestly and factually any question he or she is asked by a potential Purchaser or Agent. Any changes of ownership of a horse following publication of the catalogue must be disclosed to the sales company.

Purchaser

A Purchaser has the right to ask questions of the Vendor. Neither the Purchaser nor anyone else must seek to influence or intimidate the Vendor or any potential Purchasers of a horse before, during or after the lot passes through the auction ring. Secret arrangements between Purchaser and Vendor or either party's Agent are not permitted.

Agent

An Agent is duty bound to act in the best interests of his Principal at all times. An Agent must not place himself in a position where personal interests conflict with his duties to the Principal. An Agent must notify the Principal when a potential conflict of interest arises, whatever that conflict of interest may be. When an Agent acts as a vendor of any horse in which he has an interest the Agent must disclose to the Principal the full extent of his interest. The Agent may only act for more than one Principal in a transaction if he has first disclosed this fact to all his Principals and obtained their consent.

An Agent must disclose to his Principal any Luck Money he receives. It is imperative that any such arrangements of this kind are disclosed to all parties to the transaction including owner not present on the day of the sale.

If an Agent receives an offer to purchase a horse he must relay that offer in its entirety to his Principal.

Enforcement

If any party wishes to make a complaint about an alleged breach of the above Code of Practice they should notify the Sales Company where the alleged incident occurred. Their complaint should be made in writing, naming specific individuals involved and the details of the alleged wrongdoing. The Sales Company will endeavour to resolve disputes; however, depending on the nature of the complaint and the recompense sought it may be necessary for the offended party to pursue their case through the civil courts. All parties involved will provide their full assistance to the Sales Company or the courts. Anyone convicted of an offence which is in breach of this Code of Conduct may be banned for a period of time from the sales complex at the discretion of the Sales Company.

This Code has been developed by the ITBA in conjunction with Tattersalls Ireland, Goffs and Goresbridge Bloodstock Sales.
